

திட்டம் காகிதத்தில். கோடரி தோட்டத்தில்.

THE PLAN IS ON PAPER. THE AXE IS IN THE ORCHARD.

A tree still full of fruit is being cut down while the file is still moving.

● அறிவிப்பு உண்மை. ஆனால் அது தோட்டத்தை அடையவில்லை.

This poster does not say nothing has been announced. A price of ₹15.45 a kilo **has** been notified. Five processing parks **have** been proposed. Both are real. Neither has reached this orchard, and the grower in the picture cannot eat an announcement.

● மரம் வெட்டப்பட்டால் அது திரும்பி வராது

A mango tree takes years to reach bearing. Every other loss in this crisis can be reversed by a good price next season. This one cannot. That is why the timing of delivery matters more than its size.

● நாங்கள் யாரையும் புகழவில்லை, யாரையும் பழிக்கவில்லை

The figure who has halted is holding a plan, not a solution. Stopping at the roadside is not the same as coming down into the field. Until the price reaches the grower, a plan and a procession look identical from where this family is standing.

நின்றது நல்லது. இப்போது வயலுக்கு வாருங்கள்.

Stopping is welcome. Now come down into the field — and bring the price with you.

Basis: a Market Intervention Price of ₹1,545.41 per quintal was notified for Totapuri in Tamil Nadu in 2026 on a proposal from the State Government; the Vision document proposes five integrated mango processing parks for Dharmapuri and Krishnagiri. Both are announcements on record and neither has yet reached the grower. Farm-gate prices and tree cutting are as reported by growers in the belt. A satirical illustration: it depicts no individual and alleges nothing about any party's record beyond what is stated above.

“நிற்பது” என்றால் இதுதான்.

WHAT “STOPPING” ACTUALLY LOOKS LIKE.

Four things, none of which costs the Government a single rupee.

அறிவிப்பு மட்டும்

An announcement is a price in a press release, a park in a vision document, a meeting held, an assurance given. It can be made in a morning and it changes nothing in the orchard by itself.

உண்மையான வழங்கல்

Delivery is money in a grower's account within seven days of weighment, at a centre he can reach, at the price that was notified. Only this stops the axe.

1 · வாரந்தோறும் கணக்கு வெளியிடுங்கள்

Publish weekly, district-wise: how much was procured against the quantity approved, from how many growers, at what price, and how many days until payment. Costs nothing. Reveals immediately whether the scheme works.

2 · ஒவ்வொரு ஆலை வாசலிலும் தினசரி விலைப் பலகை

A daily price board in Tamil at every pulp unit gate and market yard, reported to the Collector. A comparable direction has already been issued by the administration in Chittoor. Costs nothing.

3 · ஒவ்வொரு வட்டத்திலும் கொள்முதல் நிலையம்

Decided by February so that it exists by May. A notified price with no centre within reach is a price that exists only on paper.

4 · டிசம்பரில், பூக்கும் முன்பே விலை அறிவிப்பு

Paddy MSP is announced before sowing. Announce the mango price before flowering, and it shapes the market instead of arriving after the crop is sold. Costs nothing.

இந்த நான்கையும் செய்பவர் யாராக இருந்தாலும் — அவர்தான் நின்றவர். மற்றவர்கள் கடந்து போனவர்கள்.

Whoever does these four — from whichever party — is the one who stopped. Everyone else walked past. We will judge by that, and by nothing else.
